Breakfast with Dr. Patrick Trevidic.

Dr Patrick Trevidic
Plastic Surgeon
Paris, France

Dr Patrick Trevidic is the Chairman of the Plastic and Reconstructive Surgery Department at Sainte Anne, one of the leading hospitals in Paris.

Over the last 15 years, Dr Trevidic has been instrumental as a key investigator in several antiaging studies and has been at the forefront of many others, working to promote evidence based medicine.

He has published more than 70 scientific articles and is the Scientific Director of [Expert2Expert](#), a renowned European group of surgeons and dermatologists.

Dr. Trevidic is also a professor and lecturer on surgery at several universities and schools of medicine in France and abroad.
