PRESENTER

DR EYAL KRAMER, Plastic Surgeon

Dr Eyal Kramer is a board-certified plastic surgeon from Tel Aviv, Israel. He completed his medical studies at Tel Aviv Medical University and his Plastic Surgery Internship at Wolfson Hospital, where he now practices as a senior doctor and educator. For the past 15 years Dr Kramer has focused on face reconstruction with an emphasis on risk management. He has represented various aesthetic companies around the world as a trainer and is an ambassador for Croma-Pharma, leading their new innovations and future-thinking in the aesthetics world. Dr Kramer is not only known for his professional academia, but also for being one of the most modest and honest professionals in the industry. In his free time, Dr Kramer enjoys traveling on his motorcycle exploring new regions.
